

Why Hidoc eConsults are Better than Traditional eConsults

Traditional eConsults have been a convenient way to get medical advice from a doctor without having to leave home. However, they can be slow and expensive, and they don't always provide access to a specialist. Hidoc eConsults are a new type of eConsult that offer a number of advantages over traditional eConsults, including:

- **Specialist Consult within 15 Minutes:** Hidoc eConsults provide access to a specialist within 15 minutes of booking an appointment. This is much faster than traditional eConsults, which can take days or even weeks to get an appointment with a specialist.
- **AI based consults that provide a response in 1.5 Minutes:** Hidoc eConsults also support AI-based consults that provide a response in 1.5 minutes. This is a great option for people who need immediate medical advice but don't have time to wait for a specialist appointment.
- **75% cheaper than traditional eConsults:** Hidoc eConsults are 75% cheaper than traditional eConsults. This makes them a more affordable option for people who need to see a doctor regularly.
- **Specialists available 24*7:** Hidoc specialists are available 24*7, so you can get medical advice whenever you need it. This is especially convenient for people who work night shifts or who have difficulty traveling to see a doctor during regular business hours.
- **75% satisfaction rate among clinicians in 4 countries:** Hidoc eConsults have a 75% satisfaction rate among clinicians in 4 countries. This shows that Hidoc eConsults are a high-quality service that is trusted by doctors.
- **Global and support both US and non-US doctors:** Hidoc eConsults are global and support both US and non-US doctors. This means that you can get medical advice from a doctor no matter where you are located.

Specialist Consult within 15 Minutes

One of the biggest advantages of Hidoc eConsults is that they provide access to a specialist within 15 minutes of booking an appointment. This is much faster than traditional eConsults, which can take days or even weeks to get an appointment with a specialist.

This is because Hidoc has a network of specialists who are available to see patients remotely. When you book an appointment, you will be matched with a specialist who is qualified to treat your condition. The specialist will then contact you within 15 minutes to begin your consultation.

AI based consults that provide a response in 1.5 Minutes

Hidoc eConsults also support AI-based consults that provide a response in 1.5 minutes. This is a great option for people who need immediate medical advice but don't have time to wait for a specialist appointment.

The AI-based consults are powered by a team of doctors who have trained the AI to answer common medical questions. When you ask a question, the AI will provide you with an answer based on its knowledge base. If the AI is unable to answer your question, it will direct you to a specialist for further assistance.

75% cheaper than traditional eConsults

Hidoc eConsults are 75% cheaper than traditional eConsults. This makes them a more affordable option for people who need to see a doctor regularly.

The reason for the lower price is that Hidoc has a number of cost-saving measures in place. For example, Hidoc doctors work remotely, which eliminates the need for expensive office space and equipment. Additionally, Hidoc has a streamlined billing process that reduces the amount of time it takes to process claims.

Specialists available 24*7

Hidoc specialists are available 24*7, so you can get medical advice whenever you need it. This is especially convenient for people who work night shifts or who have difficulty traveling to see a doctor during regular business hours.

Hidoc's network of specialists is available to see patients from all over the world. This means that you can get medical advice from a specialist no matter where you are located.

75% satisfaction rate among clinicians in 4 countries

Hidoc eConsults have a 75% satisfaction rate among clinicians in 4 countries. This shows that Hidoc eConsults are a high-quality service that is trusted by doctors.

Hidoc's satisfaction rate is due to a number of factors, including the convenience of Hidoc eConsults, the quality of the care provided, and the affordability of the service.

Global and support both US and non-US doctors

Hidoc eConsults are global and support both US and non-US doctors. This means that you can get medical advice from a doctor no matter where you are located.

Hidoc's global network of doctors allows you to get the same.
